PETITION FOR THE ACCORDANCE OF A FILING DATE
PURSUANT TO 37 C.F.R. 1.6U.S. Patent and Trademark Office
P.O. Box 2327
Arlington, VA 22202

December 10, 2001

Sir:

This is a Petition to be accorded a filing date of November 16, 2001 for a new patent application which was properly deposited with the United States Postal Service (USPS) by Express Mail on November 16, 2001, but which was not delivered because of the emergency temporary change in the USPTO Express Mail address.

I deposited a patent application and related correspondence in an Express Mail envelope at the USPS Express Mail "Drop Box" located at 650 Town Center Drive, Costa Mesa California 92626 on Friday, November 16, 2001 at approximately 12:30 p.m. (Pacific Time). The "Express Mail" mailing label number was EL501842289US and the package was properly addressed to the Assistant Commissioner for Patents, Washington, DC 20231. The USPS is scheduled to pick up packages from this Drop Box at 4:15pm. I, therefore, fully expected to receive a filing date of November 16, 2001, in accordance with the "date-in" on the "Express Mail" mailing label pursuant to 37 C.F.R. §1.10(a).

Receipt date granted
is 11/16/01.

PETITIONS OFFICE On November 19, 2001, I received a notice from the USPS indicating that the above-identified Express Mail package was not delivered to the addressee because express mail service was temporarily suspended at the Washington, DC post office. I subsequently received the actual package from the USPS on November 20, 2001. An inspection of the mailing label indicates that the USPS received the package on November 16, 2001. The USPS had also apparently attempted to deliver the package to the Washington, DC post office on November 16th, November 17th and November 19th. The time of the delivery attempts were also noted on the mailing label. The notations on the label clearly indicate that the package was deposited in an "Express Mail" drop box on November 16th.

I obtained a printout of the USPS' Product Tracking System to demonstrate that the package was deposited on November 16, 2001. As can be seen from the enclosed Product Tracking System Record, the package was "returned to sender" on November 16, 2001. The evidence therefore indicates that the package was in the control of the USPS as of November 16, 2001. I therefore request that the above-identified application be accorded a filing date of November 16, 2001.

The undersigned hereby declares that all statements made herein are based upon knowledge are true, and that all statements based upon information and belief are believed to be true; and further, that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
